

# ***Washington County Pheasants Forever 14<sup>th</sup> Annual Mentored Youth Pheasant Hunt***

**October 6<sup>th</sup>, 2018**

On Saturday, October 6<sup>th</sup>, 2018, Washington County Pheasants Forever Chapter held its 14<sup>th</sup> Annual Mentored Youth Pheasant Hunt. There were 16 youth participants, ages 12 to 15, who attended the event along with 54 volunteers who helped make this event a tremendous success. The crisp, mostly cloudy, 36-48 degree weather was perfect for all of our outdoor activities and we escaped the rain showers! Once again, our event was supported by 16 volunteer staff from our local partner, Blair Youth Shooting Sports Club, which provided multiple discipline experience with youth from the club serving as coaches for shooting, gun cleaning and shot shell reloading. Adults from the club augmented our volunteer staff in various roles such as: mentors, dog handlers, and other critical roles for the event. This was a great continuation of a very valuable partnership.

Each youth participant was teamed with a mentor to work with them one-on-one throughout the day's activities. Mentors shared hunting experiences, embraced safety to the youth through many activities including shooting blue rock, the .22 range, learning how to clean shotguns and how to locate downed birds in the field. Dan Roberts, a retired Local Conservation Officer from the Nebraska Game and Parks, instructed youth about Nebraska hunting laws and the proper way to ask a landowner for permission to hunt on private property.

The highlight of the day was a live pheasant hunt that occurred at the farms of Rod & Curt Jensen and Rodney Madsen. The youth, guided by their mentors, experienced a very realistic field hunting experience using bird dogs controlled by a dog handler. This year all youth participants were able to take a shot at a Ring-Neck Pheasant and for the first time in our event's history, all 16 were successful.

After the events of the day, the Washington County Pheasants Forever Chapter provided lunch for everyone. Those who completed the youth hunt received a hunting vest provided by a partnership of Pheasants Forever, Nebraska Game & Parks and Boyt Harness. All in all, it was a very successful day full of education, sportsmanship, and excitement for all involved.

## Our Agenda for 2018

|                                 |                                          |                                                                  |
|---------------------------------|------------------------------------------|------------------------------------------------------------------|
| Hunter Safety Refresher Session | Locating downed birds without a dog.     | Taking care of your bounty, cleaning and transporting your birds |
| Shooting Clay Targets           | Gun Cleaning and Reloading Demonstration | Shooting .22 caliber rifles at various targets.                  |
| Asking permission to hunt.      | Pheasant game law review.                | Guided Pheasant Hunt with Dogs and Mentors.                      |

### Here are just some highlights of the event

Participants and Mentors receive a Hunter Safety refresher session prior to the day's activities.

Dog Handlers prepare for the dog demonstration.

Dogs are on point to a bird during the demonstration

Mentors illustrate the shot pattern at distance on target at the shotgun safety demonstration. The effects of a shotgun hit to a water jug drives home the importance of safety when in the field.

Youth participate at the Blue-Rock shooting station to practice their skills before the Field Hunt experience. Two of the Blair Trap Team youth helpers offer their expertise to the youth participants along side the adult mentors.

## Adult Mentors provide detailed guidance on marksmanship skills

Retired Conservation Officer Dan Roberts conducts session on Nebraska Pheasant laws and how to obtain permission to hunt on private land and provide a refresher of hunter ethics and game laws.

Mentors carefully demonstrate safe .22 rifle firearm handling and observe marksmanship skills at the rifle range station. Proper Sight Picture and Shooting Position are the key to accuracy.

Youth keeps a sharp eye out for a shot under the supervision of the mentor and dog handler as they walk a field.

Sweet success after working the native tall grass CRP ground.

Successful youth dress and clean their bounty under the supervision of mentors. The proper field preparation of harvested game is an important part of the hunting experience focusing on the wise use of the harvested game.

A photograph of two students in a workshop. They are wearing camouflage shirts, orange safety vests, and orange caps. One student is using a hand tool to work on a red machine. The machine has two large red cylinders. In the background, other students in similar attire are visible, along with a forklift and a table.

Everyone enjoyed lunch provided by the Pheasants Forever Chapter.

Fresh pheasant was prepared so that each youth participant would be able to enjoy a taste of pheasant.

Each of the youth participants were presented a Pheasants Forever and Nebraska Game & Parks donated hunting vest.

## 2018 Youth Hunt Statistics

This year's hunt had 16 youth participants, 1 Young Lady and 15 Young Men ranging from 12 to 15 years of age.

| Age    | Female | Male |
|--------|--------|------|
| 12     | 0      | 3    |
| 13     | 1      | 6    |
| 14     | 0      | 5    |
| 15     | 0      | 1    |
| Totals | 1      | 15   |
|        | 16     |      |

All the youth participants were able to get shots at birds this year and 100 % were successful and some took home multiple birds.

| Field Hunt   | Female  | Male    | Total   |
|--------------|---------|---------|---------|
| Participants | 1       | 15      | 16      |
| Took Shots   | 1       | 15      | 16      |
| Took Shots % | 100.00% | 100.00% | 100.00% |
| Took Birds   | 1       | 15      | 16      |
| Took Birds % | 100.00% | 100.00% | 100.00% |

Examining the statistics in more detail examining both of our hunt fields, how many took shots and the bag counts including totals by gender. We can observe that the fields, shots and success rates so we can look for ways to improve next year.

1. Accuracy was stellar this year with 16 youth taking shots and 31 birds bagged !
2. The Jensen field had 48% of the birds taken this year and Madsen field had 42% largely attributed to the high grass cover in the Madsen field this year.

| Field  | Females Taking Shots | Female Bag Count | Males Taking Shots | Male Bag Count | Total Taking Shots | Total Birds Taken |
|--------|----------------------|------------------|--------------------|----------------|--------------------|-------------------|
| Jensen | 1                    | 3                | 7                  | 15             | 8                  | 18                |
| Madsen | 0                    | 0                | 8                  | 13             | 8                  | 13                |
| Total  | 1                    | 3                | 15                 | 28             | 16                 | 31                |

Hosting the annual hunt requires considerable volunteer efforts each year. This year approximately 748 manhours were invested by 54 volunteers supporting various tasks.

The number of volunteer staff members that participated in various parts of the hunt preparation and execution.

The Staff Roles on the day of the hunt break down the 54 volunteers as follows:

Each annual hunt takes considerable funding. This year pproximely \$4,284.49 was used to accomplish the hunt, 69% from the Washington County PF chapter and 31% in donations from various organizations and individual contributors.
